ARIHANT INTERNATIONAL

Mfg. of Yefresh Brand Frozen Fruits & Vegetables

About Company

Since its founding in 2010, Arihant International has expanded to serve clients, going from a modest local business to a well-known global brand. Our goal from the outset has been to completely transform the way consumers eat frozen foods by providing convenience without sacrificing quality, taste, or nutrition.

Our steadfast commitment to obtaining only the freshest products from reliable vendors is what makes us unique. Because we think that excellent ingredients are the foundation of delicious food, we collaborate closely with farmers and producers that share our dedication to sustainability and moral business methods.

Our cutting-edge manufacturing facilities follow the strictest guidelines for food safety and cleanliness and are outfitted with the newest technology. Every stage of our process, from our carefully regulated freezing procedure to our strict quality control procedures,

Our goal is to provide our customers throughout the world with items of the highest caliber that have "Flavors of nature" in accordance with their tastes and preferences. We are constantly eager to introduce novel ideas into our processed food products and integrate cutting-edge technologies into our production facility. We hope to grow internationally in the future by becoming a fixture in every
